Statement of intent

At The Consortium Academy Trust (the Trust), we recognise that the successful appointment and induction of a Newly Qualified Teacher (NQT) strongly contributes to both the development of the academy and the NQT. In turn, the academy endeavours to develop and nurture a promising career recognising that support for new entrants to the profession needs to reflect the needs of the individual and be a comprehensive programme of development and learning in more than just the first year.

As part of our CPDL programme we support the principles of the Early Career Framework.

The induction period for an NQT will:

- enable an NQT to build upon existing knowledge, skills and understanding.
- assist an NQT in becoming a full member of the teaching profession and provide a foundation for CPDL.
- enable an NQT to meet identified goals and complete their induction year to the required standard.
- be systematic, fair and rigorous in the assessment of an NQT's professional practice.
- provide support to NQTs where they fail to make satisfactory progress.
- foster a commitment to continued self -development which extends beyond the NQT Induction period
- support NQTs to identify a career development pathway to develop their skills and expertise and identify their strengths
- encourage NQTs to reflect on the positive aspects of the profession to retain them as practitioners

This policy has been established to ensure the aims listed above are fully delivered to a high standard and are equitable for all NQTs across the Trust; all parties benefit from arrangements and that all staff members know their roles, responsibilities and expected practice.

Good management practice requires that all new entrants to the Trust will undergo a period of planned induction and probation. An NQT will be subject to a 6-month probation period to assist and assess a new employee's performance, ability, aptitude and conduct. This further supports an NQT's comprehensive programme of induction of development and learning and to ensure regulatory standards are met.

1. Legal framework

 - Notifying the appropriate body if an NQT is absent for a total of 30 days or more

 - Providing interim assessment reports for staff moving in between formal assessment periods

2.4 Induction Tutors/Mentors are responsible for:

- ensuring the NQT is aware of the process of induction and their role within that process
- coordinating, guiding and supporting the NQT's professional development.
- reviewing NQTs' progress regularly during the induction period and providing helpful, insightful and developmental feedback.
- undertaking three formal assessment meetings over the induction period.

- letting NQTs know that they may raise concerns about their induction programme and personal progress both inside and outside the academy.

2.5 Appropriate bodies have a quality assurance role and are responsible for:

- ensuring the Headteacher and Trust Board are aware of their responsibilities and are capable of meeting these responsibilities regarding monitoring support and assessment. This includes making sure that each NQT receives a personalised induction programme, designated support and a reduced timetable.
- ensuring procedures in place with regard to support, monitoring, assessment and guidance are fair and appropriate.

- investigating concerns raised by an NQT as part of the Trust's Complaints Procedures Policy.
- asking for advice from the appropriate body on the Trust's induction procedures and the responsibilities of staff involved in the process where it appears there is a requirement

3. Statutory induction

- 3.1. The statutory induction of an NQT is the bridge between Initial Teacher Training (ITT) and a career in teaching. The school will support the NQT in demonstrating that their performance against relevant standards is satisfactory and equip them with the tools to be a successful teacher.
- 3.2. The Teachers' Standards will be used to assess an NQT's performance at the end of their induction period.
- 3.3. The school will consider the standards against what can reasonably be expected of an NQT.
- 3.4. All judgements will reflect the expectation that the NQT has effectively consolidated their ITT and demonstrated their ability to meet the relevant standards consistently over a sustained period.
 - A qualified teacher will not be employed as a teacher by the school unless they have satisfactorily completed their induction period, or if they meet any of the exemptions listed in Annex A.
- 3.5. Before an NQT undertakes an induction, they must have QTS status.
- 3.6. Teachers who completed their ITT between 1 May 2000 and 30 April 2001 are also required to pass the numeracy skills test before completing an induction.
- 3.7. Short-term supply teaching of less than one term will not count towards an NQT's induction as the time frame is too short to enable them to demonstrate performance against relevant standards.
- 3.8. If a supply term is extended, the academy will not backdate the induction, but will begin the induction upon extension.
- 3.9. NQTs serving induction on a part-time basis are required to serve the full-time equivalent of one full academic year.

4. Suitable posts

- 4.1. The Headteacher, in consultation with the Trust HR Director, will determine the suitability of posts for induction, guided by the following considerations. The post will:

- have an appropriate body to hold the NQT's performance to the relevant standards and quality-assure the process.
 - provide the NQT with the tasks, experience and support needed.
 - ensure the appointment of an Induction Tutor/Mentor with QTS.
 - provide the NQT with a reduced timetable to enable them to undertake learning activities (no more than 90 percent of the timetable of the school's existing teachers on the main pay range, in addition to the timetable reduction in respect of PPA time).
 - not make unreasonable demands upon the NQT.
 - not present, on a day-to-day basis, the NQT with unreasonably demanding discipline problems.
 - involve the NQT regularly teaching the same class(es).
 - involve planning, teaching and assessment processes similar to those in which other teachers working in similar posts are engaged.
 - not involve non-teaching responsibilities without the provision of appropriate preparation and support.
- 4.2. The Trust Board will be satisfied that the academy has the capacity to support the NQT in the role and that the Headteacher is fulfilling their responsibilities.
- 4.3. Once an NQT has been appointed to a suitable post, the Headteacher will notify the Teaching Regulation Agency in advance of the NQT taking up the post.
- 4.4. Upon registration, the NQT will be provided with a named contact to which they may raise any concerns about the induction programme.

5. Monitoring, support and assessment

- 5.1. A suitable monitoring and support programme will be put in place for the NQT, personalised to meet their identified and agreed CPDL needs.
- 5.2. NQTs will be provided with an Induction Tutor/Mentor who will provide day-to-day monitoring and support, and coordination of assessment.
- 5.3. Opportunities will be created for NQTs to gain experience and expertise in self-evaluation to support them to develop a personal commitment to professional improvement.
- 5.4. The criteria used for formal assessments will be shared between the NQT and the Headteacher (or most appropriate leader) and agreed in advance.
- 5.5. Formative assessment (e.g. lesson observation, target setting, learner progress) and summative assessment (termly induction reports) will be used when assessing NQT performance.
- 5.6. Formal termly observations of NQTs lessons will be conducted, alongside a follow-up discussion with their Induction Tutor to support their formal

assessment. These will be supplemented by informal agreed observations which will be developmental.

- 5.7. All NQTs will be provided with the opportunity to undertake regular observations of experienced teachers to support their own development. All professionals within the Trust have a commitment to development of early entrants to the profession and will welcome these visits.
- 5.8. All teachers who have a part in the NQT's development will be responsible for feeding into the assessment of the NQT, so to gain a reliable and accurate overall view which reflects the NQT's performance and further development areas.
- 5.9. Formal termly assessment reports will give details of:
 - areas of strength.
 - areas requiring further development.
 - evidence used to inform judgement.
 - targets for coming term (i.e. 'smart' targets).
 - support to be provided by the academy or the Trust

6. Completing the induction period

- 6.1. NQTs will have completed their induction period when they have served:
 - the full-time equivalent of the standard school year (usually three terms);
or
 - a reduced period as agreed with the Headteacher and the TRA, based on previous teaching experience; or
 - an extended period as a result of absences occurring during the period;
or
 - an extension following a decision by the appropriate body or the appeals body.
- 6.2. The appropriate body will make the final decision as to whether or not an NQT's performance against the relevant standards has been satisfactory, taking into account the recommendations of the Headteacher.
- 6.3. The appropriate body will make a decision within 20 working days of receiving the Headteacher's recommendation. They will then send written notification within three working days of reaching the decision to the NQT and the Headteacher.
- 6.4. If the decision is taken to extend the period of induction, the NQT will be informed of their right to appeal against this decision and provided with the name and address of the TRA. Any appeal will be notified within 20 working days or the appeal will be deemed to have expired.

- 6.5. Where an NQT fails induction and gives notice that they do not intend to exercise their right to appeal, or when the time limit for an appeal expires, the Trust will dismiss the NQT within 10 working days.
- 6.6. If the appeal is heard but not upheld, the Trust will dismiss the NQT within 10 days of receiving the outcome of the hearing.
- 6.7. The NQT's name will then be held on the list of persons who have failed to satisfactorily complete an induction period by the TRA.

7. Record keeping

- 7.1. Records will be kept in accordance with the Trust's Records Management Policy.
- 7.2. Assessment Forms will be signed by the Headteacher and submitted to the appropriate body in a timely manner.
- 7.3. Assessment Forms will be completed at the end of each formal assessment period, stating the date an NQT's employment began, how much of the period has been completed, and any changes in work patterns and absences.
- 7.4. The TRA keeps records of all submitted appeals and will be contacted as needed.
- 7.5. Assessment reports will be retained for six years, as recommended by the DfE.
- 7.6. NQTs will be advised by the academy to retain their original copies of assessment reports.

8. Confidentiality

- 8.1. The induction process and assessments will not be shared with others involved in the process and will be treated as confidential.
- 8.2. All NQTs will be made aware of who has been granted access to their assessments.
- 8.3. The Trust Board/Local Governing Board, as the employer, are allowed to request termly general reports on the progress of an NQT but cannot automatically have access to this information. The only exception to this is when an NQT has a concern about an assessment, which would require the Trust Board/Local Governing Board to access the assessment forms to review the situation.

9. Special circumstances

- 9.1. To recognise the experience of teachers who already have significant teaching experience, appropriate bodies have discretion to reduce the length of the induction period to a minimum of one term; however, the NQT can still serve a

full induction if they wish. They will still have to serve the Trust contractual period of probation.

- 9.2. The appropriate body also has discretion to reduce the prescribed induction period by up to 29 days where this is less than a full year and to account for ad hoc absences.
- 9.3. If an NQT is absent for a total of 30 days or more, the induction period will be extended by the aggregate of total days absent.
- 9.4. NQTs who take statutory maternity leave on their induction period may decide whether their induction should be extended accordingly to meet this purpose. Any outstanding assessments will not be made until the NQT returns to work and has had the opportunity to decide whether to extend induction.
- 9.5. If an NQT chooses not to extend the induction period, their performance will still be assessed against the relevant standards, based on the evidence available.
- 9.6. The appropriate body has the option to extend the period after induction has been completed where it would be unreasonable to expect the NQT to have demonstrated satisfactory performance.
- 9.7. These may include but not limited to: illness, personal crisis, disability, a lack of support during induction
- 9.8. If an NQT leaves the academy before completing their extension, an interim assessment form will be completed by the Headteacher and the appropriate body notified.
- 9.9. In circumstances where an NQT may be unable to, or chooses not to, complete their extension period in the same academy, the minimum period of employment will still be served as the NQT will be working in a new school.
- 9.10. In circumstances where records have been lost due to an error or a data loss which is through no fault of the concerned teacher, the appropriate body has the discretion to decide if the NQT can be exempt from induction.
- 9.11. The appropriate body will ensure that every avenue has been explored to recover the missing data or identify an audit trail before making such a difficult decision.
- 9.12. In reaching its decision, the appropriate body will consider the strength of evidence that an error has occurred or that records are missing or lost.
- 9.13. The appropriate body will also account for any evidence that the teacher has demonstrated they have performed satisfactorily against the relevant standards on the basis of evidence from the teacher's previous performance management reviews, and where appropriate, the most recent performance management review statements.

9.14. For NQTs completing induction in more than one school simultaneously:

- The separate contracts are added together to calculate the number of days of the induction period; each contract must meet the minimum period criteria.
- It is the responsibility of the NQT to effectively communicate their employment status to support their induction process
- One Headteacher acts as the lead and will fulfil duties and responsibilities as outlined in this policy to be agreed between the school leaders.
- One appropriate body will also take the lead in making the decision and is also responsible for gathering evidence from other appropriate bodies who are involved in the process.

10. Unsatisfactory progress and appeals

10.1. Additional monitoring and support measures will be put in place when an NQT is not making satisfactory progress, such as holding meetings between the NQT and the Headteacher (or most appropriate leader), organising refresher training, providing more guided supervision or higher level of CPDL. The appropriate body and the Headteacher will be satisfied that:

- areas of development have been correctly identified.
- appropriate objectives have been set to guide the NQT to perform against the relevant standards.
- an effective support programme is in place to help the NQT improve performance.
- clarity is provided for success against the objectives for improvement
- an appropriate time period for review is identified and shared

10.2. When there are still concerns about the NQT's progress following intervention, the Headteacher (or most appropriate leader) will explain to the NQT the consequences of failure to complete the induction period satisfactorily, and will also discuss the following with them:

- the identified weaknesses
- the agreed objectives set in order to have them satisfactorily complete the induction to the required standards
- details of additional support that has been made available
- evidence used to inform the judgement
- details of the improvement plan for the next/continuing assessment period

10.3. If there are serious capability issues, capability procedures may be instigated before the end of the induction, which may lead to dismissal. This does not prevent them from completing their induction at another school.

- 10.4. If the NQT has had their induction extended or has failed it, the appropriate body will inform the NQT of their right to appeal and the time limit for doing so.

11. Monitoring and review

- 11.1. The Trust Board is responsible for reviewing this policy annually.
- 11.2. The effectiveness of this policy will be monitored and evaluated by the Director of Education and any views expressed by members of staff will be considered. Any concerns should be reported to the Director of Education immediately in writing.
- 11.3. The Director of Education will explicitly seek the views of NQTs and other staff involved directly in the NQT Induction Process
- 11.4. Any changes to this policy will be communicated to all members of staff.
- 11.5. The next scheduled review of this policy is August 2021 (*to reflect the development of the Early Career Framework)

Appendix 1: NQT Inductions During the Coronavirus (COVID-19) Pandemic

1. Legal Framework

1.1. This policy has due regard to the DfE 2020 guidance 'Induction for newly qualified teachers during the coronavirus outbreak'.

1.2. This policy operates in accordance with the following school policies:

- Infection Control Policy
- Academy Based Risk Assessments
- Blended Learning Policy

2. NQT Support

2.1 The school understands that NQTs may feel disadvantaged conducting their induction period during the pandemic; however, the academy and Trust aims to provide robust support to ensure that NQTs are fully equipped to become good teachers, pass their inductions and be retained in the profession.

2.2 The school will ensure that regular feedback is provided to NQTs by their Induction Tutor/Mentor.

2.3 The NQTs Induction Tutor/Mentor will partake in frequent meetings (virtual or physical) with the NQT to ensure that they feel supported throughout their induction period.

2.4 We will be especially mindful of the well-being and long-term sustainable self-care of our NQTs and provide specific targeted training for our NQTs

2.5 We will ensure that we are innovative and creative in our support of NQTs to observe other colleagues in their delivery.

3. Coronavirus-related absences

3.1 The Trust aims to ensure that, where possible, NQTs can continue to complete their inductions as usual, although we are aware that the coronavirus pandemic may have an impact on absences in the 2020/2021 school year.

3.2 NQTs absent for coronavirus-related reasons will not have their induction period automatically extended though we may ensure that additional support is concentrated into the available time for development.

3.3 Absences for coronavirus-related reasons will also not count towards the 30 days of absences that automatically extend induction by the aggregate number of days absent.

3.4 Absences totalling 30 days or more that are not related to coronavirus will continue to extend the induction period.

4. Completion of the induction period

- 4.1 As normal, the Headteacher will decide whether an NQT has met the Teachers' Standards based on their performance throughout the induction.
- 4.2 This decision will be made at the end of the induction period regardless of possible absence due to coronavirus – this will normally be the end of the academic year.
- 4.3 In line with the main body of this policy, the Teaching Regulation Agency will be notified of the outcome of the induction.
- 4.4 If, at the conclusion of their induction period, an NQT who has been absent for coronavirus-related reasons during their induction has not met the standards, the school will consider on a case-by-case basis whether to recommend an extension to allow the NQT further time and opportunity to demonstrate their ability to meet the standards.

5. Assessment

- 5.1 The academy will continue to assess NQTs throughout the induction in line with the main body of this policy.
- 5.2 The final assessment meeting will continue to be held at the end of the induction period in line with coronavirus measures, including the Infection Control Policy and Risk Assessment using the identified standard operating procedures within the academy.
- 5.3 Any decisions based on assessments conducted throughout and at the conclusion of the induction period will:
 - consider the NQT's work context.
 - consider, where appropriate, previous assessment records, discussions with the Induction Tutors/Mentors and non-routine teaching practice during the coronavirus disruption.
 - Be made on the basis of what can reasonably be expected of an NQT by the end of their induction period within the framework set out by the standards and taking the impact of the pandemic into account.

6. Monitoring and review

- 6.1 This appendix will be reviewed by the Director of Education and Director of HR in line with updates to government guidance on induction periods for NQTs during the coronavirus pandemic.
